VCA World

Best Mates

Best Mates look like chocolate, and to some are just as delicious, but are actually made from carob, fruits and nuts. Full of human grade ingredients, this hypo-allergenic treat is free of preservatives, additives, artificial colours and theobromine that are no good for pets. Safe for pets that suffer from common food related allergies, as they are free of egg, yeast, gluten, soy, milk, wheat or meat. The chewy treats are made in Australia, but are not baked or fried to ensure all of the natural goodness is retained.

Liver Krisps from Bradley's Bowl

Liver Krisps are a thin and crunchy meat treat, made in Australia from 100% quality Australian ingredients. These crisps contain the unique combination of ingredients such as egg, honey, polenta and spices and are produced with a unique drying process that maintains all the goodness of the natural ingredients. The process also ensures that the Liver Krisps are very easy to digest. Free of artificial colours, flavours or preservatives, making them a healthier daily treat or training reward.

Available in Grilled Chicken, Lambs Fry, Roast Beef and Pork Pate.

Fruitables®

Nature's tastiest combination of harvest fresh pumpkin and selected Superfruits. Fruitables® contain the power of pumpkin as the base, which is rich in antioxidants, Vitamin A, C, E, and are a good source of dietary fibre. Available in the delicious flavour combinations of apple, blueberry, cranberry and banana.
