## Get some (inner) balance

Inner Balance is a soluble probiotic for gut health. Suitable for dog, cats, birds and reptiles, this pet supplement contains concentrated live microbes, to maintain gastrointestinal microflora. It's also beneficial during times of stress or recuperating after surgery or after a course of antibiotics.

## Dish up a treat from Bradley's Bowl

Crunchy, delicious treats made from 100% quality Australian ingredients. These Krisps are made with a unique drying process that ensures all the natural goodness of the ingredients is maintained. Available in Beef, Chicken, Lambs Fry and Pork Pate, these can be snapped down to training treat size or leave them as a snack-sized.

## Dine in style

The Uki bowl set will be a great addition to your kitchen decorè. These stylish bowls are made form durable 8mm acrylic. Both bowls can be removed for easy cleaning. Available in clear and clear-black.

## Board the PetArk for better health

PetArk is a range of naturopathic veterinary formulas for your pets' health and happiness. Make a great start by using the Puppy Protect which is designed for larger breeds so that they maintain normal growth rates. Calm is for those situations where pets get freaked out by scary situations—trips to the vet, fireworks & can be used on anxious pets. Daily keeps skin and coat healthy and improves energy.

## Seniors need gentle treatment

From the extensive range of Fido's pet care products comes this new shampoo for senior cats and dogs. The all-in-one conditioning treatment is soap and sulphate free and is gentle and mild for our older friends. Contains bisabolol which is an essential oil extract known for its natural soothing effects.
